

Unison (Release date: Apr 2, 1990)
(If There Was) Any Other Way

Sorry I know I'm late
Guess I lost all track of time
Started walking and couldn't stop turning it
over in my mind
Trying to make some sense of it
Trying to make the pieces fit
I thought I covered my tracks so well
But now he says he knew about it from the
start
Yeah he knew about us all along...

If there was any other way love
Don't you think I've tried to find it
Don't you think I want to stay
If there was any other way love
There's no way out of this
There just ain't any other way...

Maybe I'd better be leaving now
But there's something I want you to
Understand before I go
Sometimes we don't have a choice when we
Play and break the rules
I just had to see you darlin', one more time
If only just to say goodbye
'Cos he knew about us all the time

If there was any other way love
Don't you think I've tried to find it
Don't you think I want to stay
If there was any other way love
There's no way out of this
There just ain't any other way...

I never wanted it to be like this
I never meant to get serious
But now the thought of losing you
Takes some getting used to

If Love Is Out Of The Question

You bought me flowers and you sold me a
line

You gave me compliments and too much
wine
I've played that game... I know all the moves

You show emotion but you hide what you
feel
You play the innocent but I've watched you
steal

I rest my case... you stand accused

But I must confess I was quite impressed
You seduced me with your easy charm
And I must admit I could fall for it

But if love is out the question
There's no point to this affection
I gotta have more than ecstasy
Make me believe
I'm all you'll ever need
'Cos if love is out the question
Put a little heart in your intention
I gotta have more than ecstasy
Make me believe
I'm all you'll ever need...

You talk in circles when I need a straight line
You've got your principles and I've got mine
We all need commitment that's all I ask
(Is that a crime?)

And I must confess I was quite impressed
I was losing to your winning ways
But I must resist there's no point to this

But if love is out the question
There's no point to this affection
I gotta have more than ecstasy
Make me believe
I'm all you'll ever need...

'Cos if love is out the question I just gotta
stop
Little point to this affection I just wanna stop
It makes no sense to carry on like this

If there's nothing between us you don't know
what you'll miss

No love
There's no love
Baby it's true
There's no love

But if love is out the question
There's no point to this affection
'Cos if love is out the question
Put a little heart in your intention

Where Does My Heart Beat Now

So much to believe in - We were lost in time
Everything I needed I feel into your eyes
Always thought of keepin - Your heart next
to mine
But now that seems so far away
Don't know how love could leave without a
trace
Where do silent hearts go?

Where does my heart beat now
Where is the sound
That only echoes through the night
Where does my heart beat now
I can't live without
Without feeling it inside
Where do all the lonely hearts go

Candle in the water - Drifting helplessly
Hiding from the thunder - Come and rescue
me
Driven by hunger - Of the endless dream
I'm searching for the hand that I can hold
I'm reaching for the arms that let me know
Where do silent hearts go?

Where does my heart beat now
Where is the sound
That only echoes through the night
Where does my heart beat now
I can't live without
Without feeling it inside
Where do all the lonely hearts go

I know that out there somewhere
He waits for me
Someone who's searching just like me
Then one touch overcomes the silence
Love still survives
Two hearts needing one another
Give me wings to fly
I hear my heartbeat now
I hear the sound
Hear it echo through the night

I feel my heart beat now
Now that I've found

The feeling lives inside
I've got someone to give my heart to
Feel it getting stronger and stronger and
stronger
Hearts are made to last
Till the end of time

The Last to Know

--

(Brock Walsh / Phil Galdston)

Let me be the first to say...

Ain't it always so?

But there's no other way to find out

What I need to know

It's not that I don't think you care

It's what you haven't said

That keeps me guessing day and night

Putting visions in my head

Don't let me be the last

If you thought of leaving would you tell me?

Don't let me be the last

If the truth would hurt me would you lie?

Don't you keep it to yourself for my

protection

Break it to me now

Don't let me be the last

If there's anything you wanna tell me

Don't let me be the last

Like you're never gonna let me go

Baby, all I ask

Don't let me be the last to know

You know how a friend will talk

A secret's hard to keep

But this girl she says you're seeing

Sure sounds a lot like me

Still it's not for me to say

If what I heard is true

And I won't let myself believe a word

Till I hear it from you

Don't let me be the last

If you thought of leaving would you tell me?

Don't let me be the last

If the truth would hurt me would you lie?

Don't you keep it to yourself for my

protection

Break it to me now

Don't let me be the last

If there's anything you wanna tell me

Don't let me be the last

Like you're never gonna let me go

Baby, all I ask

Don't let me be the last to know

I'm Loving Every Moment with You

Do you realize how long it's been
Where does all my time with you go?
And all the memories
We shared as friends
Reflected - in my heart
Is where they show

I'm loving every moment with you
I'm living in a dream that's comin' true
I'm lost in everthing you do
I love you
I'm saving every moment for you
You're hidden in a place that's safe & true
Lovin' everything we do

With every second
You hold me near
I'm closer to a place I want to be
To hear you whisper
But no one else can hear
I want your love
To stay forever - inside of me

I'm loving every moment with you
I'm living in a dream that's comin' true
I'm lost in everything you do
I love you
I'm saving every moment for you
You're hidden in a place that's safe & true
Loving everything we do

In our silence
Looking in your eyes
I hear words you don't need to say
Just hold on Baby
'Cause it's reason - I'm prayin'
You feel what I feel
In every way

Love by another Name

Somewhere past midnight

When the moment is just right

We ride the streets of desire

We take it slow and

Always get where we're goin'

'Cause where there's smoke there's a fire

There's no denying

We don't need to keep trying

Let's face the music and dance

Well it's all semantic

What we never say

But what we feel ain't goin' away...

So I wonder - how could we be feeling

More than this

Tell me true

What it is, 'cause

Something has to make us feel this way

Love by another name

Doesn't matter 'cause it's still the same love

Won't depend upon the words we say

Love by another name

Something happens when we're making love

Si ce n'est pas l'amour

Qu'est-ce que c'est?

We're superstitious

when every day is like Christmas

It should be left undisturbed

No promise spoken

Hearts don't have to get broken

More than a four letter word

If we're just pretending

We can write a new ending

If we don't like where it leads

Well it's new romantic

Action over words

The sweetest nothings that I've heard

I can't tell you everything I'm feeling

More than this

Do you know

What it is, 'cause

Something has to make us feel this way

Love by another name

doesn't matter 'cause it's still the same love

won't depend upon the words we say

Love by another name

something happens when we're making love

Si ce n'est pas l'amour

Qu'est-ce que c'est?

I know that I can't describe

what I'm feeling inside

Maybe I'll learn

I guess I live with the fear

this could all disappear

if I try to put it in words

Unison

Somewhere tonite we come alive
Two hearts ignite we're one of a kind
Here we are undivided by anything
Just you and I
We've come so far no one else could ever
Steal away what we confide
who wants to know?

We stick together we're never apart
Everybody knows who we are
Because we are one we do it in Unison
We come together and stronger we are
Just when the world can tear us apart
We go on as one we do it in Unison

Gleam of an eye, flash of a smile
Never too shy playin' ever so wild
Here we are I'm relying on no one else
But you and I we've come so far
No one else could ever steal away what we
Confide who wants to know?

Rockin' as one there's no time to stop
I know what we've got we do it in Unison

Here we are undivided by anything
Just you and I
We've come so far no one else could ever
steal away what we confide
Who wants to know?

We stick together we're never apart
Everybody knows who we are
Because we are one we do it in Unison
We come together and stronger we are
Just when the world can tear us apart
We go on as one we do it in Unison

I Feel Too Much

I just wanted you to talk to me
But baby you captured my heart so easy
And I know love, baby when I see it
Boy when you're near me that's the
Feeling I get

Comentario [C70]: Lo que siento

It's pure emotion inside of me
And all I know is I feel...

About you night and day I feel too -

If We Could Start Over

I never found out why you walked away
And never said goodbye
But now that I see you
I'm torn inside, but I've still got my pride

I understand that some things are better left
unsaid
I'm afraid of the truth
But what can I do if I still want you

If we could start over again
I know if we try our love could be stronger
If we could start over again
I'm sure, wo oh
We'd never have to let go

For so many years now
I've held inside things I meant to say
But faced with the past now I realize
I can't let that stand in our way

I never knew that a love so strong would
never fade
But what can we do
If I still want you
And you want me too

If we could start over again
I know if we try our love could be stronger
If we could start over again
I'm sure, wo oh
We'd never have to let go

How can we walk away
From something that was once so strong
Have we the strength to say we're wrong

If we could start over again
I know if we try our love could be stronger
If we could start over again
I'm sure, wo oh
We'd never have to let go

Have a Heart

--

(Aldo Nova / Billy Steinberg / Ralph
McCarthy)

Lying in bed alone
Thinkin' 'bout how much I need you
Oh, give me one more chance to see you
again
If only I'd have known
It was the last time I'd be with you
I would've held on and never let you go

Baby, just have a heart

I'm begging you

Let me show you how much I need you

Baby, just have a heart

This much is true

I miss your touch

I'm still in love with you

Here comes another day

I don't know if I can make it

Oh, I just realized it's so lonely being free

Runnin' from the pain

I'm never gonna shake it

Oh, how I need you to take it from me

Baby, just have a heart

I'm begging you

Let me show you how much I need you

Baby, just have a heart

This much is true

I miss your touch

I'm still in love with you

I always thought that I would have the upper
hand

But now I know that I'm really not that
strong

If I could only make you understand

I'd give you the world but for a start

Baby, just have a heart

I'm begging you

Let me show you how much I need you

Baby, just have a heart

This much is true

I miss your touch

I'm still in love with you
